Type of Article: Original paper

Title page (size 14, Time new Roman)

Author names (size 12, Time new Roman)

Affiliation of the authors (size 12, Time new Roman)

Running title (size 12, Time new Roman)

Corresponding author (size 12, Time new Roman)

The author who is responsible for contact with the Journal

Affiliation and Email of the corresponding author

ORCID if available

Author contributions: Conceptualization: First letters of author or authors; Methodology: First letters of author or authors; Formal analysis and investigation: First letters of author or authors; Writing: First letters of author or authors; Resource: First letters of author or authors; Supervision: First letters of author or authors

2- Anonymous manuscript

Title of the manuscript

All lines of the manuscript from the Abstract to the end of references must be double-spaced with a line number.

Abstract (size 12, Time new Roman)----- No more than 250 words

Background (aim is included):

Methods:

Results:

Conclusion:

Keywords: 3-6 keywords with semi-comma between them

Introduction (size 12, Time new Roman)----- Cited reference in square bracket [] and not ().

The aim of the study at the end of the introduction

Materials and Methods (size 12, Time new Roman)--- Included:

Patients:

Other subtitled:

Ethical approval:

Statistical Analysis:
